WINTER EDITION!

IMMAGINA PRACTICAL WORKSHOP  
**RiboLace Riboseq Gel Free**

**Bring your Samples and get your Data**

26 February- 5 March 2024

APPLY NOW!

*"I learned a lot during the workshop. It was crucial for me to successfully perform Riboseq back at my home lab."*  
Linh Nguyen, Stanford University, USA

*"Perfect, dedicated tutoring, expert troubleshooting and adaption of the method to my samples."*  
Prof. Dr. Ulrich Schweizer, Universität Bonn, Germany

YOU WILL:

**LEARN** everything about ribosome profiling including utilization of RiboLace<sup>™</sup> and LaceSeq<sup>™</sup>

**PROCESS** your samples completely using IMMAGINA's Gel Free RiboSeq protocol with full support

**DISCUSS** results together with our experts to develop deep understanding

**TRAIN** on data analysis methods to interpret the results obtained and derive meaningful insights
